EmbraceGreen Sustainable Plant

-Crafting Quality Paper Bags in Alberta, Canada

EmbraceGreen Sustainable Plant is establishing a pioneering standard in the production of paper bags within Alberta, Canada. Our mission is straightforward and profound: "From Nature, Back to Nature", as we aim to deliver top-notch bags to customers while maintaining the utmost reverence for the environment.

Our Commitment to Quality and Sustainability

EmbraceGreen Sustainable Plant is driven by a commitment to excellence in creating paper bags. Every bag we produce is a testament to our dedication to quality craftsmanship.

Proudly Canadian-Made

We take pride in sourcing all our raw materials from the pristine northern forests of North America. They are our partners in sustainability. We ensure that our production processes remain sustainable, renewable, and environmentally-responsible.

Our paper bags are crafted with care and precision in Alberta, Canada. We are proud to be a part of the rich tradition of Canadian manufacturing, contributing to our nation's legacy of quality products.

Supporting Local and Global Sustainability

At EmbraceGreen Sustainable Plant, our mission extends beyond providing exceptional paper bags. We are staunch advocates for environmental conservation and sustainability by creating products that are not only durable but also eco-friendly.

Exporting Canadian Excellence Worldwide

While our roots are firmly planted in Canada, we have a global vision. We are eager to share the excellence of Canadian craftsmanship with the world. Our bags are designed not only to meet local needs but also to exceed international standards.

"From Nature, Back to Nature" - Join Us in Embracing a Sustainable Future

EmbraceGreen's guiding principle is simple yet profound: "From Nature, Back to Nature." We believe in the power of this connection, and it shapes everything we do.

Our products/services reflect our commitment to sustainability, eco-friendliness, and the well-being of our planet. Let's make the world a better place, one eco-conscious choice at a time. Together, we can ensure a brighter, greener future.

"From Nature, Back to Nature" is a slogan and a way of life.

A Message from the CEO – Nic Wang : Pioneering Sustainability in Food Packaging

"It is both a privilege and a responsibility to lead a company at the forefront of eco-friendly food packaging. As the CEO of CanCreativ Canada, I am profoundly committed to our mission of transforming the food packaging industry into a more sustainable and environmentally responsible sector. An unwavering commitment to the environment lies at the heart of our company's mission. At CanCreativ Family, we firmly believe that saving the environment is not just a choice; it's an obligation that transcends corporate boundaries.

Our journey began with a deep-rooted commitment to sustainability. We understand that our choices today have a lasting impact on our planet and future generations.

Our products adhere to the highest quality standards, ensuring you get top-notch compostable alternatives. Our manufacturing facilities in Canada allow us to support local communities and create job opportunities.

Our world is a breathtaking tapestry of

life, a gift that sustains, inspires, and provides for us. Yet, this delicate balance is under threat, and we must act decisively to preserve it.

Every action we take has an impact, whether it's the materials we choose for our packaging, the energy sources we use, or how we manage waste. Our commitment to eco-friendly food packaging is not just about products; it's about the power of choices to reduce waste, conserve resources, and protect ecosystems.

Saving the environment is not just about profit margins or market share; it's about the legacy we leave behind. Our vision extends beyond business success. Together with our partners, customers, and stakeholders, we are embracing a greener tomorrow.

Delivering Tailored Packaging Solutions for Franchise Businesses: A Collaboration with Osmow's. At our company, we take pride in offering customized packaging solutions that cater to the unique needs of franchise businesses. It brings us great joy to share our successful collaboration with Osmow's, a renowned Canadian chain store, as we work together to fulfill this common mission.

While product quality remains a cornerstone of our partnership, we recognize the pivotal roles of design and supply chain management in our shared success story. We extend our heartfelt gratitude to Osmow's Procurement Manager, **Prince Bhatt**, for

being invaluable to this journey. Our teams engage in regular and open communication, fostering an environment where ideas flow freely and challenges are swiftly addressed.

Furthermore, we would like to express our appreciation to **Ben Osmow**, CEO and Head of Franchising at Osmow's, for his unwavering support for both teams. We firmly believe that today's commendable and sustainable growth is a testament to the dedicated efforts of every member of our teams.

In partnership with Osmow's, we look forward to continued innovation and collaboration, creating packaging solutions that meet and exceed expectations in the ever-evolving franchise landscape. Together, we aim to set new industry standards and ensure the satisfaction of our valued customers.

We believe in the power of collaboration. Together, we strive to make a positive impact by reducing waste, conserving resources, and promoting responsible practices.

I invite each of you to join us in this noble cause. Your choices matter whether you are a customer, partner, employee, or friend. Together, let's save the environment, not because it's convenient but because it's the right thing to do.

Thank you for being part of our mission."
